

Volunteers needed for E. Coli testing & Secchi disk water clarity readings

E. Coli testing in Lake Gaston is beginning again this summer. Test kits are available now and will be at the annual meeting June 8, 9:30 a.m. – noon, at the Lake Gaston Baptist Church (1 mile north of Eaton Ferry Bridge, opposite Subway).

If you want an early start or will not attend the annual meeting (there will be hot dogs and donuts), contact Al Potter for test kits. Phone (434) 689-2749 (leave a message if no answer: name, address, return number) or email apotter11@gmail.com.

We are also doing Secchi disk water clarity readings in Lake Gaston. If you stopped for the winter, it's time to start. If you want to start, I have equipment and can show you how.

~ Al Potter
