Brunswick	Full Time	More participation from the members as in volunteers, directors and committee members.
Brunswick	Full Time	I really appreciate that we have the LGA, and the Volunteers who work so hard to keep our lake one of the most beautiful in the country. When you have Meetings and the wide spectrum of coverage, but it all comes back to us, is appreciated.
Brunswick	Full Time	Concern wake wave boats destroying shoreline. Have no respect for owners property especially during high water levels. Been a resident for 20 years and its getting worse every year. How do you get the word out to these boaters to respect property and etc.????
Brunswick	(select one)	<p>Maybe start a marketing Committee or put with the Membership Committee to promote Lake Gaston and the LGA</p> <p>Combine forces with at least the Safety Council , since they both are doing the same-- and why a community safety and water safety-- ALL safety folks combine forces.</p> <p>Maybe TOO much on Government and education issues -- stick to lake issues .</p> <p>Even after these thoughts , I think the LGA is a valuable organization to our Lake and a big THANK YOU to the volunteers that serve to help us all !!</p>
Brunswick	Full Time	Vacation property owners have little to show for taxes paid
Mecklenburg	Part Time	We have grandchildren visit and oftentimes boats come by with speakers blaring rap music with the foulest lyrics and are very inappropriate for young children to hear. Also, some boats choose not to muffle their exhaust which is extremely loud.
Mecklenburg	Part Time	We would appreciate more information in newsletters about LGA - government interaction of influence. Thank you for all that you do for the lake and its neighborhood communities.
Northampton	Full Time	glad to see the numerous speeding signs along the road.All of you do a great job - thanks.
Northampton	(select one)	Keep up the good work!!!

Northampton	Part Time	I appreciate all that LGA does for the residents, and I believe that membership is important. As a part timer and an eighty year old, I am unable to contribute very much physically. I do try to keep my property clean and well maintained.
Northampton	Part Time	Take advantage of the pristine water and way the lake is protected . Attract fisherman and their families. That now includes a big kayak fishing explosion. They come, enjoy , and go home and tell their friends. They understand conservation and "catch and release" benefits. They spend money to vacation on quality bass lakes. My wife and I pulled our boat all over the northeast fishing ME,NH,Vt,NY PA and its in a lift on Gaston now for good.
Northampton	Part Time	STOP FISHING TOURMENTS
Northampton	Part Time	Thank you ALL for your efforts.
Northampton	Full Time	Thank you for all of your hard work!
Northampton	Part Time	Youve been getting better, ever since it was discovered YOU were the ones responsible for higher lake levels on the weekends. That has since been fixed, thank you. I like all that you have done recently.
Northampton	Part Time	Thanks to everyone that is available to volunteer their services for those of us that cant be there
Halifax	Full Time	Are there suggestions from our web master to improve the design/simplicity of the survey?
Halifax	Full Time	Answered on my iPhone 6.
Halifax	Full Time	Thanks. For all you do.
Warren	Full Time	thank you for the opportunity
Warren	Part Time	Good job with the survey

Warren	Full Time	Despite some ratings I think the LGA is doing the best they can. TWe appreciate the LGAs Excellent efforts, we realize the financial and civility challenges the LGA faces. Thank you for supporting us.
Warren	Part Time	Really appreciate everything the LKG association does for the community. I struggle to understand how it has managed to stay together this long, but am very pleased it has! I would like to see more of your regular meetings on the weekend as I am not able to attend during the week. Some of the events are very interesting to me and I would like to participate.
Warren	Full Time	I think that the association should take an active role in trying to beautify the area around the lake. I think to help do this the association should recommend to its members that they take down all the ugly billboards they have put up. I understand that businesses have a right to advertise but seriously when you are looking for a particular service do you get in your car and drive around looking at billboards? No. You go online. It's 2018 not 1918.
Warren	Full Time	Thanks Jim Walston
Warren	Part Time	You all do fine, its a supped up HOA which can affect change. Appears the goals of the organization should be less broad and more targeted/focused to actual lake issues.
Warren	Full Time	See all the above.
Warren	Full Time	Lake Gaston area will not grow or entice renters or owners without a major improvement in high speed Internet and improved cell phone reception. People do not want to come and do business here or vacation without those two things,
Warren	(select one)	Seems to be an active, educational, and concerned association and publication. Since I am not a resident, cant go beyond whats in the newsletter and other announcements.
Warren	Part Time	I guess we havent been down as often as we would love to be. Working g on that though.
Warren	Part Time	Keep up the good work.
Warren	Part Time	Thanks for asking!

Warren	Full Time	Water carries sound. Unmuffled boat engines, and inconsiderate Boaters with their music systems blaring at sound levels that would NOT BE ALLOWED in any town or city in NC or Va--yet they pollute the environment with their own choice of music/noise that carries across the water, and affects and ruins the environment for other Boaters or person on shore--often within several MILES of the offender !! ThWarren County noise ordinance is either unenforceable, or is ignored !
Warren	(select one)	Great area. Do need to prevent further development. The beautiful lake can only stand just so much and would lose its appeal if it became more crowded. Also solution would become a problem. The joy is a peaceful environment!!
Warren	Part Time	We would appreciate more information in newsletters about LGA - government interaction of influence. Thank you for all that you do for the lake and its neighborhood communities.
N/A	N/A	More communication needed through Social Media which isn't currently being done
