

COMMENTARY - AREA DEVELOPMENT / RECREATION (i.e., influence planned area development, monitor & support planning, zoning, lake area growth)

Comments – Area Development		
Rating	Full-Time	
Fair	Please Choose	LCA's past emphasis seems to be on weed control. I believe that enforcement of lakefront rules on removal of trees, placement of rip-rap, etc. are equally important, and are clearly not being enforced.
Fair	Full Time	One area that needs more attention, in particular, shopping and other personal services
Fair	Part Time	We need a little more businesses on the lake like more gas stations
Fair	Part Time	Don't get a sense that zoning has been particularly well handled
Fair	Full Time	zoning regulations is another big brother intrusion
Fair	Part Time	Improving
Fair	Part Time	With our elected officials; you can only do so much.
Fair	Part Time	Spot Zoning not good.
Fair	Full Time	Seems to be trying hard to address these issues
Fair	Part Time	More Resturants on the lake would be nice
Fair	Part Time	The condos continue to increase & we understood this was not allowed at the lake
Fair	Part Time	reduce mobile homes
Good	Part Time	Limited by ineffective county government
Good	Part Time	Doing a great job given the growth of the area and all the different parties involved
Good	Full Time	I would like permission to place a safety balloon outside of our swim area.
Good	Full Time	Destroy hydrilla
Good	Full Time	I believe that the LGA should just monitor, plan, and tend to lake area growth.
Good	Please Choose	Outstanding would be a better word.
Good	Part Time	It appears that much development is taking place. I hope there are plans that control the quality and growth.
Good	Part Time	We need to have represenitives attend all the different counties planning board meeting so that you are aware prior to any development that may be affecting the area
Please Choose	Full Time	keep close eyes on zoning/growth

Rating	Full-Time	
Poor	Part Time	Every county except Warren seems to be growing businesses...is it the county commissioners as I have heard or do we not support businesses?
Poor	Full Time	have not seen any
Poor	Part Time	Do not know what the LGA has done in these areas.
Poor	Part Time	This is based on the how bad the area immediatly around the lake looks with too many signs and run down houses.
Poor	Full Time	Need to encourage lake commerce with smart zoning
Poor	Part Time	Your impact is not felt in any way.
Unsure	Please Choose	I think effort is good, but don't know how much influence it has
Unsure	Please Choose	With volunteer positions, you can't ask or expect too much of anything but our taxes are so high at the lake- its hard to pay for positions on the LGA
