

Rate LGA's effectiveness on WATER SAFETY - (e.g., support of boating safety, operations, buoy maintenance)

County	Full / Part Time	Ranking	Comments on Water Safety
Northampton NC	No Answer	Prefer Not to Answer	Again, I think you have over stepped your mandate when you try influence what the regulations are.
Northampton NC	Full Time	Good	Do the realty companies give renters information on PWC and boating laws? Have the liability laws been communicated to owners who rent homes and include PWC and boats?
Warren NC	Full Time	Good	Educate youth reference safety everywhere.
Northampton NC	Part Time	Excellent	Good information!
Brunswick VA	Full Time	Good	have boating safety certificate
Halifax NC	Part Time	Excellent	I understand we do not have enough money to pay for more wildlife officers.
Brunswick VA	Part Time	Excellent	Issues on boating safety and new regulations requiring boating safety is a big help
Northampton NC	Part Time	Fair	It would be great if more would be done to control the wakes of wake boarders. Their wakes can have caused havoc to jet skies no matter what evasive action you take to avoid them. There wakes swamp the shorelines, shake boats and jetskies as they go by even when they are not close to you.
Warren NC	Full Time	Unsure	My boating is limited
Warren NC	Full Time	Fair	No one seems to care about idiots running up and down coves with ocean going boats and creating wakes you could surf on which are creating a tremendous amount of erosion. What are they thinking about - kayaks and boats with no lights after dark, stupid.
Northampton NC	Part Time	Good	PCs are still being operated dangerously, too close behind boats, spraying water, coming to close to boaters, swimmers, piers.
Halifax NC	No Answer	Fair	Size of lake makes this task challenging...could use markers to identify various creeks and major "subdivisions"
Northampton NC	Full Time	Excellent	Supports Coast Guard in education and helps monitor the lake for violations.
Northampton NC	Part Time	Good	Well informed
