LGA UPDATES

In an effort to make the quarterly bulletin more reader-friendly, a few changes have been made. By eliminating some of the graphics, we have taken the bulletin from 20+ pages down to 15, which makes it a little easier to scroll through and download. We have also changed how we highlight our Business Members – they are now listed alphabetically with the type of business. When you click on their listing, you will be taken to the company's website or Facebook page. We welcome your feedback on the changes and hope you enjoy the new format!

Please note that there will be no monthly membership meetings in January or March, however, the Five County Forum will be held on March 15th from 9:00 a.m. until 12:00 p.m. at the Lake Gaston Lion's Club (139 Stanley Road, Henrico, NC). The theme of this year's forum will be "Lake Gaston 2030 – Looking to the Future." Please join us to hear how the leaders from the five counties surrounding Lake Gaston are planning for the future.

President's Corner...

Looking Forward....

It is always worthwhile to look ahead and plan your route. But first, I want to thank all the volunteers, committee chairs, and directors who give their time and energy into making our association successful. Without the dedication and hard work of each one of you, we cannot move forward.

So, what is our roadmap? Where do we want to be next year at this time, or by the year 2030? Just like individuals, our association must take time to plan our way. This year we will do exactly that as we conduct a Strategy Review. Your input by way of the 2023 Membership Survey will be part of this effort. At our upcoming Five County Forum on March 15th, we plan to discuss our vision for the Lake Gaston Community and how our local county governments are helping us work toward achieving it.

With a clearer line of sight, the LGA will be in a better position to be your advocate now and into the future.

Jeff Zimmer

President

President@LGAncva.com

There will be NO Membership Meeting in January

February 7, 2024, 9:30 a.m.

LGA Monthly Membership Meeting

at the Lake Gaston Baptist Church: 2378 Eaton Ferry Road, Littleton

(across the street from the Lake Gaston Chamber of Commerce and Subway Restaurant)

Speaker: Ed Woodley, Civil Engineer with the US Army Corps of Engineers

Topic: Quasi-Run-of-River (QRR) impact to Lake Gaston and the Roanoke River

This meeting is open to the public and Lake Gaston Association membership is not required.

For more information, please email us at execdir@lgancva.com or call (252) 586-6577.

Lake Environment Committee...

2023 Lake Gaston Shoreline Aquatic Vegetation Survey is Complete... What's Next?

The 2023 LGA Volunteer Aquatic Vegetation Survey wrapped up the last week of October. The survey was conducted by approximately 100 LGA volunteers who surveyed nearly 350 miles of shoreline. There are 114 survey sections, 100 that were completed by the LGA volunteers - the other 14 sections were surveyed by North Carolina State University (NCSU) staff. The LGA volunteers invested nearly 500 hours of time with a "value" of approximately \$15,000 to complete the survey. There was a myriad of aquatic plant species sampled, identified, and documented as part of the effort. Native plants such as water willow, American white-water lily, watershield, arrowhead and others were documented in various locations on the lake. In addition, invasive/noxious species such as lyngbya and hydrilla were also documented in locations around the lake. The LGA volunteer survey is a critical component of the larger effort to manage aquatic vegetation at Lake Gaston.

LGA volunteer Judy Waters enters survey data into a handheld

Over the next several months, the data collected during the survey will be compiled and analyzed by NCSU professionals looking for trends and changes in aquatic vegetation compared to prior year surveys. The NCSU Team will apply sound scientific principles to look for areas on the lake where invasive/noxious vegetation may require additional management efforts to reduce the presence and spread of the undesirable species. Currently lyngbya, and to a lesser extent hydrilla, are the primary vegetation species of concern at the lake. The additional management efforts can include chemical treatments, biological controls, and continued monitoring. The NCSU Team will prepare a technical

*LGA volunteer John Franz
tosses a survey rake to collect
a vegetation sample.*

report, including suggested preliminary priority treatment areas, with the results of their assessment sent on to the Lake Gaston Technical Advisory Group (TAG).

The TAG is made up of science professionals from various agencies including the NC Wildlife Resources Commission, NC Department of Environmental Quality & Natural Resources, VA Department of Wildlife Resources, VA Department of Environmental Quality, US Army Corps of Engineers, along with academic organizations NCSU, Virginia Tech, Mississippi State University, and others. Dominion Energy, the operator of Lake Gaston and owner of the land where the aquatic vegetation occurs is also a member of the TAG. The TAG will evaluate the NCSU report and develop recommendations for 2024 aquatic vegetation management actions, including any revisions to the proposed priority treatment areas, as well as identify any longer-term strategies needed to maintain the water quality at Lake Gaston.

The recommendations developed by the TAG will then be reviewed by the “Pete Deschenes” Stakeholders Board which is made up of various stakeholders from across the Lake Gaston region along with other outside organizations. The Stakeholders Board will identify any concerns and provide inputs to the TAG recommendations and forward the results to the Lake Gaston Weed Control Council (LGWCC).

The LGWCC is the organization, made up of elected officials and appointed personnel from the five counties around Lake Gaston, is responsible for approving the NCSU reports and TAG recommendations. The LGWCC uses funding from the five counties, the State of North Carolina, the Commonwealth of Virginia, and the City of Virginia Beach to execute contracts for Lake Gaston aquatic vegetation treatment actions and supporting studies. The funding received by the LGWCC is only enough to treat areas of invasive/noxious species across the lake that are of higher priority based on the scientific analysis and assessments. For other locations where aquatic vegetation treatment may be desirable, but not included in the priority areas, HOAs or individual property owners may want to work with licensed applicators to conduct private treatments. Under the Dominion Energy Shoreline Management Plan only approved/licensed chemical applicators are authorized to treat aquatic vegetation on Lake Gaston.

Typically, the entire process of aquatic vegetation analysis/assessment, report development, reviews, recommendations, and final decisions is complete in late winter or early spring. The timing of the process aligns with the need to implement any treatment /management actions in the April timeframe for lyngbya and June timeframe for hydrilla. For additional information please refer to the LGWCC website at <http://www.lgwcc.org/>

John Franz

Lake Environment Committee Chair

Government Relations Committee...

The Government Relations Committee will be planning and conducting the annual Five County Forum that will be held on Friday, March 15, 2024, from 9:00 until 12:00 at the Lake Gaston Lions Club, 139 Stanley Rd in Henrico, North Carolina, 27842. This forum brings together the elected officials and their senior administrators from each of the five local counties to exchange ideas. The LGA will prepare informative topics for the counties, and the counties will share plans and proposals that they are developing with each other. This always popular forum is open to the public, and questions from the audience are allowed.

Please join us in our committee meetings on the third Tuesday of each month at 8:30 a.m. at the Lakeland Cultural Arts Center (LCAC) in Littleton, NC.

John Cataldo

March 6, 2024

NO LGA Monthly Membership Meeting

Instead, please join us for the

Five County Forum

Friday, March 15th, 9:00 a.m. – 12:00 p.m.

To be held at the Lake Gaston Lions Club, 139 Stanley Rd, Henrico, NC 27842

For more information, please email us at execdir@lgancva.com or call (252) 586-6577.

Safety Committee...

The holidays are over and life at the lake has taken a slower pace. While heating our homes, it is important that our smoke and carbon monoxide detectors are working. After reading the last LGA bulletin, did you check your detectors? Your check should have included changing the batteries. Some detectors will beep when the battery power is low. I change mine when I set my clocks back for Daylight Savings Time. Dead batteries cause 25% of the smoke alarm failures. Working smoke and carbon monoxide detectors save lives.

The five Lake Gaston county sheriffs agreed that reporting suspicious activities is important. Each county has a contact number where individuals can provide information. All information is kept anonymous. Callers are not required to testify in court. In some cases, individuals may receive a reward for their tip that leads to a criminal's arrest. Crime stopper programs have been responsible for more than:

- six hundred thousand arrests
- over \$4 billion in recovered property and drugs
- and one hundred million in rewards paid out.

The following tip line information is provided for your use.
Brunswick County, VA

- Brunswick County Crime Solvers: (434) 848-2336 or 1-866-884-5723.

Halifax County, NC

- Halifax County Crime Stoppers: 252-583-4444

Mecklenburg County, VA

- Mecklenburg County Crime Solvers Phone: 877-676-8477 (anonymous)

Northampton County, NC

- Northampton County Crime Stoppers Tip Line: 252-645-9026

Warren County, NC

- Warren County Sheriff's Office: 252-257-3364

REMEMBER!! If a crime is in progress - call 911

Eric Wooster

Safety Chair

Committees@LGAncva.com

(Please include "Safety Committee" in the subject line of the email)

Lake Cleanup Committee...

Hello, everyone! I'm Shannon McAllister, the new Chair of the Lake Cleanup committee. In early January, we will announce the date for our first meeting of the new year, as I know meetings during the holidays can be challenging. During this meeting, the members will work together to find the best day and time for the remaining 2024 meetings. I work full-time as the executive director of the John 3:16 Center, so I would like to consider virtual meetings on Zoom -- perhaps on an evening or weekend. I know many of you care about the state of the lake and are concerned about trash and other foreign objects that can impact our enjoyment of the lake. Also, as the new Chair, I would love to hear and consider new ideas to engage lake residents and visitors in helping keep the lake clean throughout the year. There are some great and innovative ways to make it fun -- some of you may have been involved with successful events in other locations. If you are interested in being part of the committee, please reach out to me at Committees@LGAncva.com and let me know your availability for a virtual meeting in early January!

Shannon McAllister

Lake Cleanup Chair

Committees@LGAncva.com

(Please write "Lake Cleanup Committee" in the subject line of the email)

Marketing & Membership Committee...

We are almost through with our 2024 membership drive. Our thanks to those who have renewed, and there is still time to renew your membership. To renew, you can either mail a check for \$30 made out to "Lake Gaston Association," to PO Box 656, Henrico, NC 27842, or you can pay by credit card by visiting www.LGANCVA.com.

Did you enjoy the first edition of the "Splash"? This will go out just before the monthly meeting and is intended to quickly bring you up to speed about LGA activities. We hope you enjoy this quick read. "Splash" doesn't replace the quarterly Bulletin.

We are also trying something different for new members who join the LGA. New members will have the option to speak with a current board member to learn more about the LGA. You will also be invited to participate in a 20-minute Zoom presentation to learn about the many activities sponsored by the LGA. This outreach is intended to encourage participation in the annual shred event, the 350-mile shoreline vegetation survey, and other special activities. We hope this will encourage greater participation since volunteers are the engine that helps ensure we have a clean and safe lake.

Thanks for reading.

Brian Goldsworthy

Marketing & Membership Chair

LGA Lifetime Member since 2015

Committees@LGAncva.com

(Please include "Marketing & Membership Committee" in the subject line of the email)

From the desk of the Executive Director...

Did you make any resolutions for the New Year? Maybe exercise more, eat a healthier diet, or get organized? Well, I'd like to offer one other resolution to consider. According to a recent Mayo Clinic article, research has shown that volunteering offers significant health benefits, including improved physical and mental health. Volunteer activities keep people moving and thinking at the same time and have been shown to lower rates of depression and anxiety, especially for people 65 and older. Volunteering reduces stress and increases positive, relaxed feelings by releasing dopamine (the "feel-good" hormone). By spending time in service to others, volunteers report feeling a sense of meaning and appreciation -- both given and received, which can have a stress-reducing effect.

If volunteering is on your list of resolutions, please consider joining the wonderful group of volunteers at the LGA to help keep Lake Gaston a wonderful place to live, work, and play. With five standing committees to choose from, it's easy to find an area of interest that will allow you to use your unique talents. I invite you to join us at our monthly membership meetings on the first Wednesday of each month at the Lake Gaston Baptist Church to learn more about the LGA's volunteer opportunities. I wish you and your loved ones a Happy and Healthy New Year!

What the LGA does for our members...

As your primary voice on Lake Gaston, we...

Identify lake issues affecting our members and pursue a resolution with the responsible organization(s).

We do this by...

- ▶ working to **conserve our lake's natural resources while protecting your recreational enjoyment** by monitoring and controlling pollution, sedimentation, and invasive species, supporting research and best management practices that maintain Lake Gaston's water quality for all users.
- ▶ **engaging** with our **local governments** to inform and influence decision-making in your best interest.
- ▶ supporting and **promoting safety** in our communities and on the water to encourage a safe environment.
- ▶ **advocating** and encouraging a clean, healthy, and **desirable lifestyle** along the roadsides and shorelines of beautiful Lake Gaston.
- ▶ **informing** and communicating on **Lake Gaston issues** via email advisories and quarterly Bulletins, emergency, weather, and water level alerts, open-door monthly meetings, website, social media, press releases, radio broadcasts, and public forums.

We accomplish this by building relationships and coordinating efforts with Dominion Energy, the Lake Gaston Weed Control Council, North Carolina and Virginia Wildlife Agencies, North Carolina State University, local Law Enforcement and Emergency Management, the Chamber of Commerce, the Lake Gaston Water Safety Council, LKG 911 Community Task Force, and many others.

LGA ~ Calendar of Events

Jan 1 – New Year’s Day (Holiday)
